DNF DSQ RET

Despite the heat 9 skippers faced the start line on Saturday morning. Two of those were a welcome addition, Cassie Midgley and Denis McLoughlin from Tasmania. Fortunately the wind stayed at 20KM/Hr from the SW and this meant that the temperature was a little cooler (37.1C).

Both Cassie and Denis sailed very well (except for Denis having a brain fade after he finished) with Cassie leadin at the end of the first day. Ben Morris however wasn't too far away and making his presence felt.

The Sunday saw much the same conditions (hot) and this resulted in a couple of retirements and we started with 7 diehards. Cassie sailed very well however Denis had better drops and just pipped her at the post. Ben Morris came home a credible 3rd.

Thank you to all the officials who stuck to their jobs under trying conditions and thank you to the competitors who also sailed with commendable fortitude.
